

PUPIL VOICE NEWSLETTER

The School Councillors

The focus for the school council this term has been #MegaMaths! The school councillors have collected pupil voice by gather 'quotes' from their peers about how they feel about #MegaMaths. These quotes will then be used in our findings! We have completed the #MegaMaths survey ready for the classes to complete!

Mia and Marni have created #MegaMaths posters, which are displayed on our school council board. Other school councillors are nearly finished with their posters.

Finally, the school councillors did an excellent job presenting to the Governors! We are very proud of them representing the pupil voice in our school!

Criw Cymraeg Updates

We are so very proud of our Criw this term, they have continued with their aim of promoting the Welsh language in our school. Our completed pupil questionnaires have now been shared with our Governing Body and it is wonderful to hear that they have been actioning key point so that we can improve our school. Our monthly podcast, called Podlediad Criw Cymraeg, is still available on Spotify! Diolch mawr i Mrs James and Chiara from Fun Club, who have helped us with our interviews this half term. We are also very lucky that a parent, Mr Hughes, has kindly supported us with sourcing paint for our caban, we look forward to getting our caban painted next half term. Diolch mawr i PaintWell in Abergele for the generous donation. We'll update you all next half term on how the Criw have been using these areas on our yard.

Eco Warriors Updates

The Eco warriors have carried out a practical investigation looking at the issues of ocean litter. They looked at the problem of wet wipes being flushed and found they don't break up the same as toilet paper. They have then done some independent research looking at how our school connects to the sea. Finally, they went to the beach to carry out a litter pick. They have collected this data ready for the next part of the Ocean friendly award 'Take action'.
